➤ INVACARE® DECPAC RAMPS

Lightweight Folding Ramps

Decpac ramps are manufactured with a unique combination of uni-directional glass and carbon fibre materials to create an extremely strong and lightweight ramp suitable for a wide range of uses. Decpac ramps fold with a concertina action allowing their width to be folded down to the most compact size ensuring maximum portability.

➤ **Lightweight, simple to use, portable, safe, strong - Decpac ramps take up to 300kg.**

Decpac lightweight folding ramps give you more mobility in seconds. The concertina folding action is laid out simply and easily to make light work of awkward steps and kerbs. In their folded position, the Personal or Multipurpose models are so compact, they can be easily carried on the back of the wheelchair or scooter with use of the optional carry bag. The other models will easily fit into the boot of a car in their folded position.

PERSONAL

The Personal model is a lightweight ramp that is very portable and makes access easier in and around the home or workplace. Ideal for climbing kerbs and similar obstacles.

CODE: 2PGP
MAX HEIGHT
 300kg **WEIGHT CAPACITY**

WIDTH: 740mm
 LENGTH: 700mm
 WEIGHT: 4kg

MULTIPURPOSE

The Multipurpose ramp is designed to cope with a wider range of obstacles making it more suitable for commercial and travel situations. Longer and wider than the Personal version yet still very portable, the Multipurpose ramp is invaluable when venturing outdoors.

CODE: 2MPGP
MAX HEIGHT
 300kg **WEIGHT CAPACITY**

WIDTH: 830mm
 LENGTH: 870mm
 WEIGHT: 6kg

SENIOR RANGE

The Senior range offers you a flexible variety of ramps to cope with obstacles from 225mm to 1000mm in height. As with the Personal and Multipurpose models each is remarkably lightweight and strong.

WIDTH: 750mm
 LENGTH: 900mm
 WEIGHT: 6kg

WIDTH: 750mm
 LENGTH: 1.2metres
 WEIGHT: 9kg

WIDTH: 750mm
 LENGTH: 1.35metres
 WEIGHT: 10kg

WIDTH: 750mm
 LENGTH: 1.65metres
 WEIGHT: 12kg

WIDTH: 750mm
 LENGTH: 2metres
 WEIGHT: 13kg

EDGE BARRIER LIMITER RANGE

The E.B.L (Edge Barrier Limiter) range has the added security of edge barriers. Available in different lengths to provide solutions to obstacles from 225mm to 1000mm in height. Particularly suited to providing instant access to buses, trains and buildings where a permanent ramp is impractical.

WIDTH: 820mm
 LENGTH: 900mm
 WEIGHT: 7kg

WIDTH: 820mm
 LENGTH: 1.2metres
 WEIGHT: 10kg

WIDTH: 820mm
 LENGTH: 1.35metres
 WEIGHT: 12kg

WIDTH: 820mm
 LENGTH: 1.65metres
 WEIGHT: 14kg

WIDTH: 820mm
 LENGTH: 2metres
 WEIGHT: 17kg

WIDTH: 820mm
 LENGTH: 2.5metres
 WEIGHT: 19kg

Other sizes available on request.

• LIMITED 5 YEAR WARRANTY

➤ **Lightweight**

Decpac ramps are manufactured with a unique combination of uni-directional glass and carbon fibre materials to create an extremely strong and lightweight ramp

➤ **Portable**

Decpac ramps are designed to be carried as a single folded unit, enabling the ramp to be transported easily.

In their folded position, the Personal or Multipurpose models are so compact, they can be easily carried on the back of a wheelchair or scooter with use of the optional carry bag. The other models will easily fit into the boot of a car in their folded position.

➤ **Compact**

Decpac ramps are a multi-paneled design held together with a patented hinge system connected by webbing to allow the ramps to fold into a compact unit for easy vehicle or home storage. As compared to most other portable ramps on the market, which fold in halves, the Decpac ramps fold with a concertina action, allowing for a much smaller width when folded.

➤ **No assembly**

Decpac ramps require no assembly at all. They are supplied in a folded position, and are ready to use in a matter of seconds by laying the ramp out on the ground in which it is to be used.

➤ **Flexible**

All Decpac models exhibit a high degree of capability to conform to differing surface angles whether it be a level building floor or an inclined side walk.

This flexibility is made possible through Decpac's multi-panel design and patented hinge system.

Features

Optional extra carry bag for Personal or Multipurpose Decpac ramps

Grip tape for a non-slip surface

Clearly labelled 'TOP' to show where the head of the ramp sits on the step

Safety pads at the top and base for all weather surfaces
